

Statement of Capability

Direct Ergonomics Pty Ltd is a manufacturer and supplier of quality commercial furniture and have been in business since 1986. Over this time, we have worked with many organisations to deliver furniture solutions, on time, to Australian Standards, that are fit for purpose and future proof.

We believe we offer the best Quality for Price compared to our opposition in the Australian market. Value for money is important to our clients and as such we are on Standing Offer to Supply office furniture nationally to Department of Defence, On NSW State Government Contract and preferred supplier for Western Sydney University.

As you would expect, our furniture meets all the relevant Australian Standards, this is important as recently the Standards relating to Workstations changed. Our sit to stand workstations Electric Height Adjustable frame is one of few in the Australian market that Features a height range of 620 – 1220mm Height range – Compliant with Australian Standards & is AFRDI tested and approved! Most of our furniture is AFRDI tested and approved and carries GECA certification.

We have full accreditation for ISO9001 and ISO14001. Our furniture is covered by our full ten-year warranty.

Direct Ergonomics has a strong ethical and social conscious both to individuals and to the environment. We are Geca certified which is testimony to our Green commitment. We have several Indigenous Programs and support Youth Programs in Rural Australia, To date we have raised over \$ 25,000 and donated over \$ 40,000 worth of furniture.

Direct Ergonomics is proud to be a Certified Indigenous Business with Supply Nation.
