

Aqua Bariatric Chair

Product Specification

The Aqua bariatric chair is designed to meet the unique needs of bariatric users, providing exceptional comfort, support and durability. With its thoughtful design and premium-grade materials, this chair offers a comfortable seating experience for extended periods.

The chair features premium-grade moulded foam, which provides excellent cushioning and support. The foam conforms to the body, offering personalised comfort and minimising pressure points. This ensures that bariatric users can sit comfortably for extended periods without discomfort.
