

Aero 50 Screen

Product Specification

The Aero 50 screen system is a versatile and adaptable solution for creating privacy, acoustics, and visual height barriers in any collaborative workspace. Originally designed as a floor standing system, it can now also be frame mounted for added flexibility. Its autolock system allows for fast installation, while the lightweight yet structurally sound core material ensures long-lasting performance. The Aero 50 seamlessly integrates with other furniture ranges for a clean and contemporary look.
