

MARS MONITOR ARMS

PRODUCT SPECIFICATION

Featuring slim arms and outstanding flexibility, the Mars monitor arm combines great looks and smooth movements resulting in a better work experience. The single mounting location removes unnecessary clutter from your workspace and allows for more usable space under your monitors. Internal spring mechanism provides safe, secure

and smooth movements. This monitor arm is ideal for applications requiring frequent display adjustments, including financial analysis, creative work and more. The Mars monitor arms is a perfect fit to use alongside our Workzone Electric height adjustable desk.
