WORKZONE ELECTRIC

PRODUCT SPECIFICATION

Forgetting the hype and sticking to the facts, our range of Sit-to-Stand desks comply to Australian Standards, are AFRDI tested and approved, GECA Certification plus a 10-year warranty.

Now remember, once you have a Sit-to-Stand desk, get up and out of your chair and stand up for a portion of your day, be it for an hour or two, then sit back down again – Mix it up!

SIZING GUIDE	WIDTH	DEPTH	HEIGHT	LEG DIMENSION
• Straight Desk	1200-2100mm	600-900mm	610-1280mm	70x70mm or 70 Dia

WORKZONE ELECTRIC FRAME PROFILES

Workzone Electrics is a premium leg desking solution that elevates and supports people in Australian businesses every day. This workstation system is our bread and butter, constantly improving the design over the years to become a market leader today and into the future!

The frame design offers two versions; our default is the standard Square shape, but as offices become places to inspire employees, we have recently launched a rounded leg profile to add an organic look to the desk frame.
