## BREEZE 150

135° BACK TILT

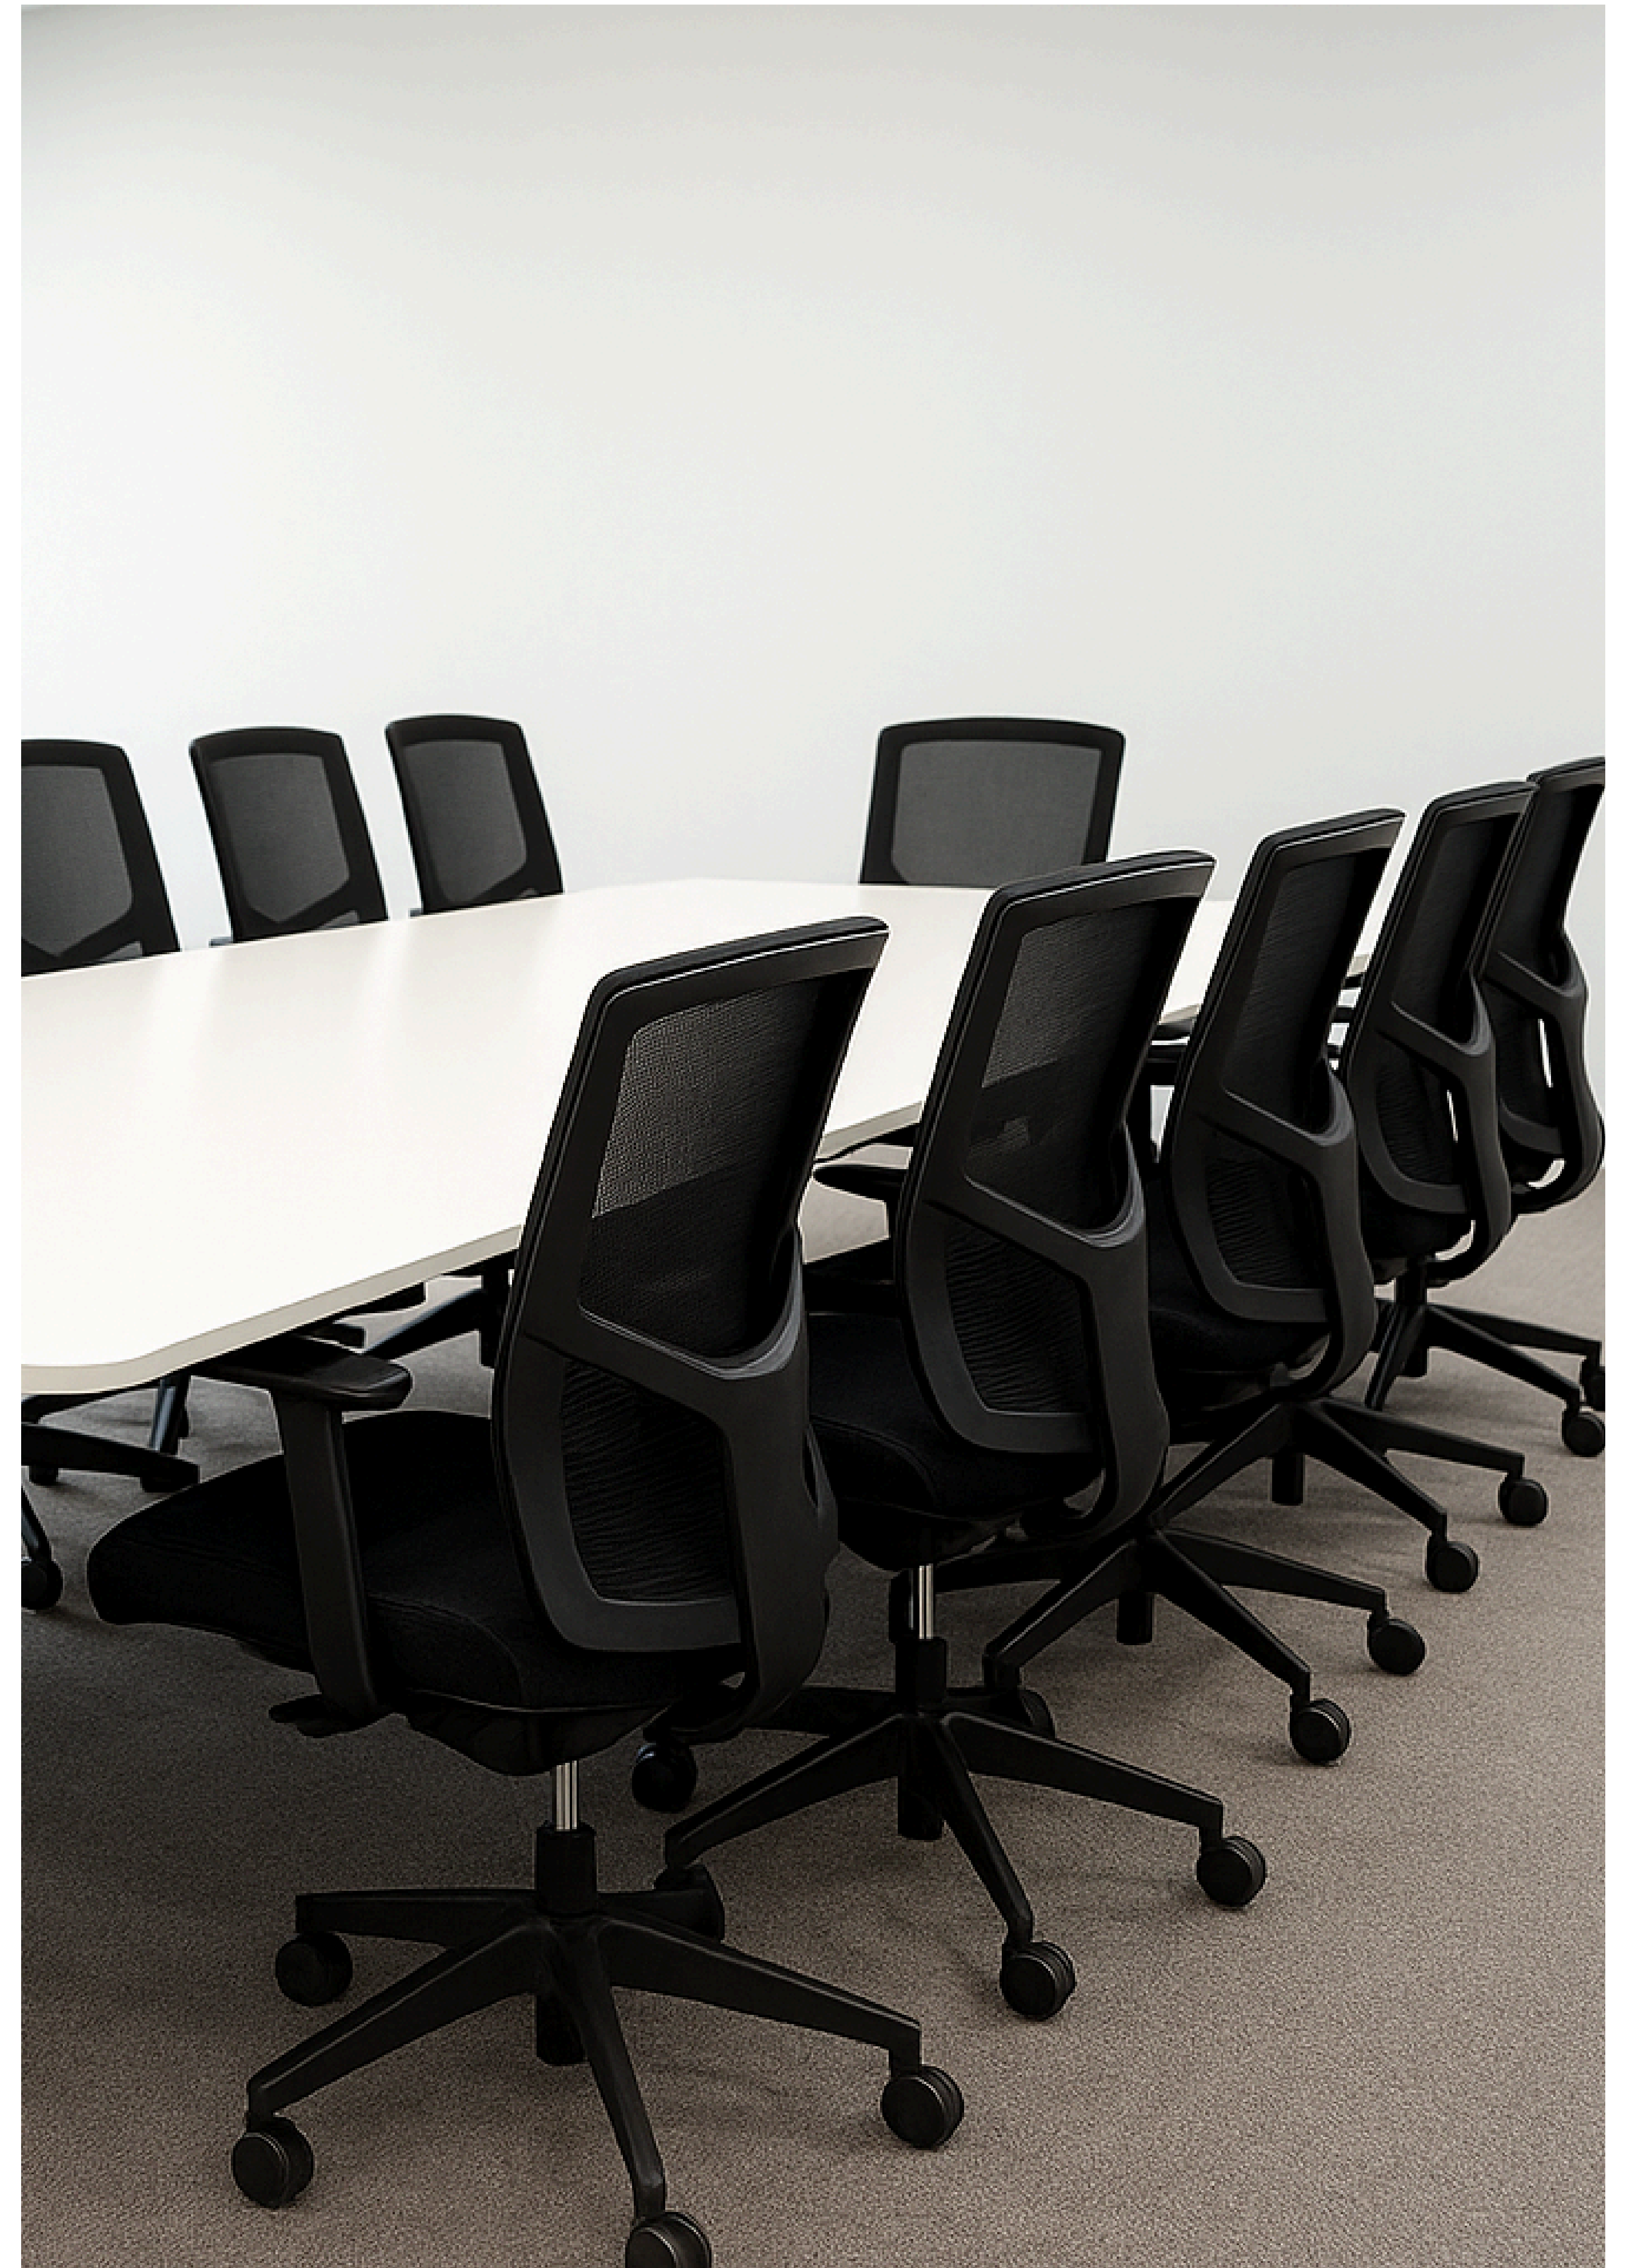

60MM ADJUSTABLE BACKREST

ADJUSTABLE LUMBAR

The brief for the new Breeze 150 was to create a fully ergonomic meshback chair with a stylish and flexible look that is unbeatable in quality, longevity, and affordability. The key details are in the functionality: all aspects of the chair are fully adjustable, and the heavy-duty mechanism ensures enduring quality and modern design.

- Fully ergonomic, six points of adjustment. 4D height-adjustable arms (optional)
- 65% Australian content and end of life product stewardship
- Heavy duty 165kg rated
- Adheres to NEN-EN 1335 standards ensuring fit for 85-95% of the population
- GECA, BIFMA and Greenguard Certified and AFRDI Certification pending
- Completely customisable back, mesh, base and seat available
