

Blue Tick
Product
Certification

Approved by Furntech-AFRDI

*Check website www.furntech.org.au for current certification status

Certificate No.
18518/1

Nominal Expiry*
16 July 2029

Product name: **Breeze 150 EXEC**

Company: **Direct Ergonomics Pty Ltd**

Tested at: **Level 6 – Severe Commercial**

Tested for people up to 110 kg*

The Australasian Furnishing Research and Development Institute (AFRDI) hereby certify the above specified product under the AFRDI Blue Tick Product Certification Program using certification criteria based on **AS/NZS 4438:1997 (R2016) Height Adjustable Swivel Chairs**, and on additional requirements and variations as deemed appropriate by Furntech-AFRDI.

The company, identified above, has agreed to maintain the compliance of the product represented on this certificate, and to submit to retesting and auditing as appropriate.

NB. This product meets all of the strength, durability and stability requirements of the Standard but has some intentional variations to the requirements of the Functional Dimensions.

Testing and evaluation was conducted such that, in the opinion of Furntech-AFRDI, all products claiming AFRDI Approval that are assembled from the components designated on this certificate, should perform satisfactorily in relation to the certification criteria.

This certificate does not relate to fabrics or other upholstery coverings – chairs cannot comply with the Standard unless the fabrics or coverings used (if any) meet the flammability requirements of **AS/NZS 4088.1** and the care labelling requirements of **AS/NZS 1957**.

This certification is valid for three years but may be suspended, revoked or renewed.

*Some companies claim suitability for larger people. If so, AFRDI suggests the request of additional supporting test documentation.
